

INDEX

This webpage found at: <http://pa4h.cas.psu.edu/Curricula/AerospaceSupp/index.htm>

This website is designed to help 4-H Aerospace Adventures series Project Helpers understand the science and concepts behind some of the activities they will be helping 4-Hers perform.

There are five [books](#) in the 4-H Aerospace Adventures series arranged in increasing skill level and familiarity with Aerospace.

Stage 1:

Pre-Flight

Stage 2:

Lift-Off

Stage 3:

Reaching New Heights

Stage 4:

Pilot in Command

Group Activities:

Flight Crew Helper's Guide

Each book has several activities with a mixture of themes. This website gives project help for activities relating to the three most prevalent themes, [Airplanes](#), [Flight](#) and [Rockets](#), in order to:

- explain the science and concepts of each theme
- explain how the activities in the books relate to the science and concepts of the theme
- provide information for further study (links, books and videos)

For help with activities relating to [Airplanes](#), [Flight](#) or [Rockets](#), click on the themes in the banner. Click on the book icons for a list of all activities in each book covered in this website. (This website does not cover all the activities in the books, only those relating to airplanes, flight or rockets.)
